

The end of the project

After almost 3 years of collaboration, the project partners are bidding farewell! In this newsletter, we tell you more about the final weeks of the project.

Final partnership meeting

On January 20 and 21, the partners met in Namur, Belgium, for their final transnational steering committee meeting.

This final meeting was an opportunity to take a final look at the project results, before the official release of the finalized versions.

The meeting also provided an opportunity to take stock of the collaboration, which has been decidedly fruitful and rich in exchanges, and to spend a convivial moment visiting the town center!

Closing event in Namur

On January 21, the project's closing event was held, to widely disseminate the developments achieved to an audience made up of players in the field : management and coordinators, social workers, integration agents, trainers and technical supervisors, etc.

The presentations covered all the issues addressed by the project : social economy, integration contracts, European schemes, etc., not forgetting the presentation of the ACTION project and its results. The event was a success, with satisfied and interested participants, and project partners delighted with the work accomplished and now shared.

Project results

The results of the project can now be consulted online, ready to be used by those working in the field. Find them all on the project website to discover them and integrate them into your field practices !
